DESCRIPTION

"Candaso" model bench or daybed created by Charlotte Perriand, a true collector's item. Conceived for the company "MIFERMA", it furnished the apartments of its executives.

Its resolutely modern design makes it an essential piece that is easy to place in any interior, making it unique. The structure and the base are in black lacquered steel, topped by 13 mahogany slats.

The cushions are covered with a woolen cloth from Nobilis. Other fabrics are possible on request.
