

"Rocket" floor lamp in wood, brass and woven fibers, circa 1960

€1,200

REF: 7891

Height: 120 cm (47.2")

Depth: 25 cm (9.8")

DESCRIPTION

"Rocket" floor lamp produced circa 1960.

The lamp features a cylindrical shade made of woven vegetal fibers, fitted within a slender wooden tripod base. The top of the lamp is finished with a sculpted circular handle, a distinctive feature of the model.

The delicate tripod base and tall cylindrical diffuser create a very elegant vertical silhouette. The woven fiber shade

softly filters the light, producing a warm ambient glow typical of mid-20th-century decorative lighting.
