DESCRIPTION

Rare desk by André Sornay, cabinetmaker, painter and designer from Lyon.

We love it so much that we decided to leave it in its original condition, with this patina which gives a timeless charm to the objects. Of course, a restoration is possible on request.

Composed of three inverted U-shaped legs which accommodate a set of 3 drawers and a blue lacquered ash top. A beautiful representation of the so-called "Tigette" furniture, named after the assembly system invented and patented by

André Sornay in 1955.

Édition : Sornay Meubles, Lyon, circa 1955.
